* Denotes an original article. † Book review.

A

PAGE

ABORTIONS, a bacteriological study of 500 consecutive, with treatment and results 1141
Abortion, a clinical and sociological study of *455
—— a case of infarct of brain complicating *718
—— the conservative treatment of 154
—— the treatment of spontaneous and therapeutic 1164
—— thyroid treatment of habitual 172
Abruptio placentae, blood-chemistry and renal function in 366
—— —— observation on the aetiology of, and its response to vitamin E therapy *121
Abscess, pelvic, in women, complications and management, with a study of 328 cases 156
Actinomycosis, a case of genital, in the female 964
—— gold and vaccine treatment of genital and intestinal 1159
—— primary, of the female genitalia after delivery 799
Adenocarcinoma cervicis, radiotherapy for 1153
—— the relation of endometrial hyperplasia to, of the uterus 955
Adenoma, a case of infected, of the breast developing during pregnancy 776
Adrenal cortex and sexuality 171
Ailments, the treatment of gynaecological, at spas 591
Alcohol, intravenous injections of, in pelvic infective thrombophlebitis 965
Amenorrhoea, management of secondary, of functional origin ... 1142
—— studies of the vaginal mucous membrane in 767
—— spontaneous cure of secondary, of long standing 1162
Amniotic sac, during labour, bacterial invasion of the 1154
Anaesthesia, further studies in vinyl-ether (vinethene) obstetrical 755
Analgesia and amnesia, a further report on obstetric 141
—— and anaesthesia, obstetric amnesia : their relation to sudden death in labour 958
Analgesics, use of, by midwives 941
Anderson, David Fyfe : Intra-partum infection *264
Anklesaria, S. B., " The rabbit test for the detection of chorion tissues in the body " ..... †1133
Antenatal, some problems in, supervision 945
Antithyroid, a biological investigation to find an, substance 800
Apoplexy, utero-placental 57
Arthritis, gonococcal, in the mother and newborn infant 551

B

PAGE

BAILEY, K. VERNON: The operation of extroversion of the ovaries for functional amenorrhoea, especially of the secondary type *637
Bartholinitis, the frequency of occurrence and treatment of gonorrhoeal 592
Beatty, J.: The immediate cause of menstruation *1080
Bell, A. C., and Patrick Playfair: Acetylcholine in the treatment of uterine inertia *470
Biopsy, endometrial histology and pathology as revealed by the, method 959
Birth-rate in London and Middlesex 1146
Bladder, the recognition and prevention of injuries to the 759
Bleeding, excessive uterine, of functional origin 555
Blood, a study of the blood-gases in the umbilical 190
—— foetal, studies 364
—— icterus neonatorum and, grouping 770
—— -sugar, the value of, in the treatment of damage to the birth canal 141
—— the mitogenetic irradiation from the, and its significance in the early diagnosis of cancer of the uterus 785
—— transfusion in obstetrics and gynaecology 1166
Bone-marrow, post-adrenalin reticulocytosis, a means of examining the functional activity of the 582
Bonney, Victor: The fruits of conservatism *1
Breast, a case of haemorrhagic 1170
—— the value of the radiological examination of the, during the puerperal state 580
Breech presentation, shoulder delivery by *696
British College of Obstetricians and Gynaecologists 539, 934, 1111
Broad ligament neuritis, the treatment of *343
Butler, H. B.: A method of performing lower segment Caesarean section with special reference to a new compressor instrument *1091

C

CAESAREAN SECTION, an eight-year study of, at the William H. Coleman Hospital 962
—— —— more conservatism in 562
—— —— a case of spontaneous rupture of the uterus following ... *721
—— —— a critical study of the low cervical and classical 1144
—— —— a method of performing lower segment, with special reference to a new compressor instrument *1091
—— —— a plea for conservatism in the case of 1136
—— —— at the Women's Clinic, Göttingen 1166
—— —— labours following 782
—— —— mortality from, in Indianapolis and the Central States 763
—— —— the various methods and their application 591
—— protection of the peritoneal cavity during the lower segment, operation by impermeable tampons fixed to the visceral peritonium 566

PAGE

Cancer, fever and 802
—— investigations of the gastric acidity in women with genital 186
—— methods of rendering living lymphatics visible in the study of 803
—— of body of uterus, surgical treatment 1148
—— surgical therapy of uterine 383
—— the early recognition and treatment of cervical 960
—— the radiological treatment of: methods and results; (1) the biological conception of dosage in radiotherapy 141
—— the radiological treatment of: methods and results; (2) carcinoma cervicis uteri from 1928 to 1935 142
—— treatment of, of cervix uteri 953
—— the treatment of, of the cervix uteri at the Rhode Island Hospital 371
—— the value of cystoscopy in, of the cervix 803
Cannon, D. T.: Dysmenorrhoea, the oldest theories and the newest treatment *13
Carcinoma of the body of the uterus 1143
—— of the body of the uterus, the diagnosis of 1147
—— our results with radiotherapy for, of the cervix uteri 796
—— primary tubal 799
—— radium *versus* Wertheim's hysterectomy in the treatment of, of the cervix 562
—— the presence and significance of cell-nests in basal-celled ... 974
—— the results of Wertheim's operation for, of the cervix 374
—— the treatment of, of the cervix uteri by the Stockholm technique at the London Hospital 941
—— the treatment of cervical, from October 1st, 1922, to December 31st, 1930 588
—— uteri, metabolism of patients with, in relation to Roentgenotherapy 387
Cervical stump, carcinoma of the 153
Cervix, complete stenosis of the 553
—— interstitial radiation of the, with a suggested modification of Taussig's operation 366
—— is there a symptomless period in the development of cancer of the? 782
—— pseudo-malignant and pre-cancerous lesions of the cervix ... 763
—— the diagnosis of carcinoma of the, in a very early stage 943
—— the effects of X-rays and radium on cancer of the 367
—— the precancerous *625
—— the vesical complications of carcinoma of the 160
Child-bearing, mental disorder associated with 547
Childbirth ", " Safe. (Kathleen Vaughan) .....†357
Chorion-epithelioma, a case of, treated by radiotherapy 1152
—— an instance, cured naturally 386
—— malignum, an instance of, with a cardinal symptom of intra-peritoneal bleeding and metastasis in the gums 386
—— hydatidiform mole and, a five years' study 961
Cirrhosis annularis subhymenalis 586
Clitoris, a case of primary carcinoma of the 568

PAGE
Colpitis vetularum, the occurrence and treatment of 1163
Colposcope, a simple 592
—— three years' experience of the diagnosis of cancer with the ... 1166
Conception, the frequency of, in families having congenitally malformed children, a study of 208 consecutive cases 563
Congress of Obstetrics and Gynaecology, the International, at Amsterdam, 1938 ..... 135, 743
Conjugate, the diagonal 549
Conservatism, the fruits of *1
Contracted pelvis in Scotland, observations on its distributive types, severity *245
Control, birth 549
Corpora lutea, experimental production of, in the ovaries of rabbits 178
Cortex, clinical and pathological studies in connexion with the suprarenal 781
County Borough of Croydon, report of the Council's obstetric service for 1935 133
Cystitis, the ozone treatment of 188
Cyst, a case of primary echinococcal, of the uterus 970
Cystocele, its anatomical disturbance and reconstruction 157
Cysts, pseudo-pregnancy due to lutein 565
—— the histo-pathogenesis of tarry, with a communication on the pathology of Bartholin's glands 796

D

Dawson, J. Bernard: Nystagmus associated with hyperemesis gravidarum *731
Dentition, pre-natal, description of a case 583
Diabetic mother, delivery and care of the newborn infant of the 153
Diabetes, the recognition of so-called pregnancy 790
"Diathermy" ..... †937
Di-hydro-folliculin, the action of, on plants 166
Discharge, trichomonas and vaginal 548
Disease, the importance of early diagnosis in Nicolas's and Favre's, the part played by surgery in its therapeutics 385
Drew Smythe, H. G., and Miss D. Joan Thompson: Induction of labour by rupture or high puncture of the membranes *480
Drugs, an apparent potentiation by combining oxycytocic 184
Dysmenorrhoea, a case of, in a girl aged 15 with an inguinal endometrioma 767
—— referred pain and in particular that associated with, and labour 949
—— the progesterone treatment for 557
—— the oldest theories and the newest treatment *13
—— the use of corpus luteum in the treatment of 152
Dysgerminoma removed during pregnancy *705
Dystocia, Caesarean section in 762

E

PAGE

ECLAMPSIA and other toxaemias of pregnancy: observations on the morbid histology of the kidneys *320
—— cerebral pressure in, and its relation to the onset of fits 184
—— early artificial rupture of the membranes in the prophylactic treatment of 768
—— nembutal in the treatment of pre-eclampsia and 149
—— the action of serum in allergy investigation 380
—— the significance of general disturbance in pregnancy and labour as a predisposing factor in 186
—— the vascular aspect of 157
—— two hundred cases of treated, by magnesium sulphate *289
—— when should a patient conceive again after recovery from, or other severe pregnancy nephropathia 798
Ectopic pregnancy, early rupture of 1138
—— the differential diagnosis of, gestation by peritoneoscopy ... 372
Electrocardiogram, the influence of pregnancy and labour on the 798
Embryo, the action of formalin on the; Boero's technique for the induction of abortion 569
Endocarditis, subacute, and pregnancy *300
Endocervicitis, the reaction of the cervical glands in 567
Endometrial hyperplasia, cystic, in a Rhesus monkey *494
Endometrioma 963
—— of the umbilicus, two cases of *715
Endometriosis, bicornate uterus with ovarian, omental and pelvic 762
—— implantation 184
Endometrium, biopsy studies of human: criteria of dating and information about amenorrhoea, menorrhagia, and the time of ovulation 959
Evans, Ernest H.: Anaemias of pregnancy *417
Evipan-sodium, the use of, in obstetrics 578

F

FALLOPIAN TUBE, positive Aschheim-Zondek reaction in tuberculous disease of the 586
Female, pseudo-menstruation in the human 960
—— sex hormones, clinical use of the *310
Fertility and its relation to social conditions 1146
Fever, puerperal surgical scarlet 943
Fibroids, a note on the radiotherapy of 573
—— conservation of the Fallopian tubes and ovaries in the surgical treatment of 565
Fistula, the treatment of vesico-vaginal, with special reference to implantation of the ureters 943
—— vesico-vaginal 150
Fistulae, the development of operations for vesico-vaginal 174
Flew, J. D.: An unusual case of external cephalic version *733
Foetal head, the normal position of the, *in utero* 183
—— death, a biological test for the diagnosis of intra-uterine ... 1143

PAGE
Foetus, intra-uterine respiratory movements of the human 958
Follicular hormone and the gonadotropic hormones in the female, the action of 1157
—— —— studies of, in hyperthyroidism 180
—— —— the inhibitory action of, upon milk secretion in the puerperium 177
—— —— the resorption and action of, rubbed into the skin *710
Ford, R. Kelson: A case of infarct of the brain complicating abortion *718
—— —— A case of spontaneous rupture of the uterus following Caesarean section *721

G

GANGRENE, post-abortive gas 572
Genitals, tuberculosis of the external 566
" Gentlemen of the Jury " .....†1133
Gestation, clinical and biological considerations regarding extra-uterine 168
—— extra-uterine, after six months 774
Gibson, Anne: On leucocyte changes during labour and the peurperium *500
Glycosuria, pregnancy 789
Golub, J. J., " Hospitiology " .....†1131
Gonorrhoea, intracutaneous, live vaccine injections for female ... 797
—— the problem of female, with special reference to its treatment 797
Goodall, J. R., and F. L. Macphail: The surgical treatment of the vulva and vagina *1097
Gordon, Doris, and Francis Bennett: " Gentlemen of the Jury " .....†1133
Gunn, Donald L., Penelope M. Jenkin, Alistair L. Gunn: Menstrual perodicity, statistical observations on a large sample of normal cases *839
" Gynaecology; a textbook of, for students and practitioners " (James Young) .....†351
—— endocrine therapy in 765
—— prophylaxis in, with special reference to the immediate care of the post-partum cervix 156

H

HAEMATOMETRA, lateral, and haematosalpinx, in a case of double uterus 1170
Haemolytic streptococci in puerperal infection, notes on *278
Haemorrhage, accidental, and the trial of pituitrin 575
—— a new simple method of treating severe uterine 187
—— a study of intracranial, in infancy 750
—— atmocausis in the treatment of uterine, due to metropathia haemorrhagica 964

PAGE

Haemorrhage, before and after delivery 591
—— chorion-epithelioma as a cause of internal, of a severity dangerous to life 380
—— massive intraperitoneal, complicating an intra-uterine pregnancy 574
—— permanganate of potash as a cause of genital 579
Hernia, congenital diaphragmatic 966
Hormonal, the action of prolonged and increasing follicular treatment upon the vaginal epithelium of different animals 969
—— the significance of, disturbance in the production of cystic mammary disease and metaplasia 969
Hormone, alteration in the mucous membrane (metaplasia) of the uterus from continued administration of follicular 171
—— ovarian, and ketonaemia 172
—— follicular, in milk fistulae and mastitis 970
—— the action of anterior pituitary, on non-functioning ovaries ... 187
—— the effect of continued administration of unphysiological amounts of follicular, on the genitalia of female rats 784
—— the relations between the follicular and pathophysiological conditions of increased growth in the breasts 786
—— the treatment of pruritus vulvae with follicular 381
Hormones, experimental investigation into the function of the pituitary isthmus in the production of gonadotropic hormones of the anterior pituitary gland 973
—— female sex, and malignant tumours 387
—— oestrogenic, in the treatment of vulva-vaginitis in children 755
—— pregnancy following the treatment of functional disorders of the ovaries by ovarian 779
—— the effect of oestrogenic, on the nasal mucosa: their role in naso-sexual relation and their significance in clinical rhinology 361
—— the percutaneous action of the sexual 793
—— the response of the mammary gland to prolonged stimulation with ovarian 155
—— the use of male sex, in the treatment of the artificial menopause 773
—— the use of male sex, in the treatment of functional urinary troubles in women 773
Hormonotherapy, the advance of gynaecological 801
Hospitals, a first examination of 3,200 notification forms from ... 802
Hospital reports, Rotunda Hospital, Dublin .....†1113
—— —— The Coombe Lying-in Hospital, Dublin .....†1114
—— —— National Maternity Hospital, Dublin .....†1116
—— —— Guy's Hospital, London .....†1116
—— —— Willesden Maternity Hospital .....†1117
—— —— The Nowrosjee Wadia Maternity Hospital, Bombay ...†1118
—— —— Government Hospital for Women and Children, Egmore, Madras .....†1121
" Hospitiology " .....†1131
Howat, R. K.: On cross section of the perineum, a simple method of limiting rupture in labour *1094

PAGE

Huhner, Max: The importance of the Huhner test in cases of necrospermia *334
Hydramnios, habitual 795
Hyperemesis gravidarum, nystagmus associated with *731
—— —— a critical survey of the treatment of 781
—— —— the pathology and treatment of 784
Hyperplasia, endometrial, a clinical study 360
Hypertension, the cause of, in pre-eclamptic toxaemia 942
Hypophysectomy, the trophic disturbances of the genitalia after, in women 772
Hypothalmus, a centre or centres, in the, controlling menstruation, ovulation, pregnancy and parturition 549
Hysterectomy, a comparison of total *versus* supra-vaginal hysterectomy 753
—— ovarian function and occurrence of menopausal symptoms following 155
